THE FINISH...

THE MEMORY

THE FIRST MILE...

Are you ready to challenge yourself and help local youth at the same time? Do you need a coach to reach your running/walking goals? Are you ready to check a marathon or half marathon off-of your to-do list?

TEAM Chances marathon/half marathon training program will guide members through the training process, assist members in fundraising efforts, and provide members with VIP treatment on race day.

Most importantly, funds raised through TEAM Chances are used to provide local children the thrill and memory of crossing their own finish line during the P.F. Chang's Kids Race.

Chances for Children-Arizona will provide running programs to local schools.
